SUMMER 2017 READING ASSIGNMENTS

Statistics show that students who continue reading across the summer break have an easier time transitioning back into school in August. Also, skills are less likely to be lost for students who read than those students who never read over the summer. In response to this, we are asking that all of our students continue on their reading journey during the summer months.

- ❖ Students entering Pre-K through 1st grade must read 8 books of their choice (with or without assistance) and document their reading on the attached chart.

- ❖ Students entering 2nd through 5th grade must complete 20 KidBiz articles (at 75% accuracy) on the **FIRST TRY**. Students **MUST** document their reading on the attached log.

The summer reading assignments are mandatory and will count as the first grade for the 1st Marking Period. **The last day to complete this task is July 30th. In order to receive credit, students MUST submit the attached log by August 18th.** Additionally, a special reward will be given in August to students who meet the requirements listed for their appropriate grade level. Below is the grade chart for the assignment.

Grading Chart	
Number of Articles Completed (at 75% accuracy)	Grade
20 – 19	A
18 – 17	B
15 – 16	C
13 – 14	D
12 or fewer	F
